

ENVIRO SERIES

TR BLEND

Easily clean virtually any type of ink from your screen or adhesive from your pallets with Enviro Series TR Blend. TR Blend can also be used as an activator for Phantom 1000 Ghost and Haze Remover when cleaning haze and ghost images from screen fabrics. Made from natural ingredients, TR Blend doesn't contain any harmful, or corrosive solvents or chemicals continuing Lancer's Group dedication to the environment and safety of our customers.

Directions for Use:

Ink wash-up:

Clean excess ink from screen. Apply TR Blend to ink and work in well with brush. Wash away with water.

Removing adhesive residue from pallets:

Spray onto pallet and wipe with a rag.

Activator for Phantom 1000:

To clean ghost images and haze from used screen fabric, first apply Phantom 1000 and allow to dry until white crystals appear. Apply TR Blend to activate. Wash away with pressure spray.

See Phantom 1000 for complete directions.

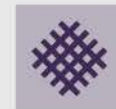

Available in quart, gallon, and five-gallon sizes.

Other products in the Enviro Series include SuperWet Mesh Prep, Phantom 1000 haze and ghost remover, 311 Quick Strip emulsion remover, and 2000 Green ink degrader.
